

Client Centre with Lead Engagement

Track Leads and Respond Quickly

Get instant access to lead details, call recordings, and more, so you can manage leads effortlessly and follow up quickly.

➔ **66%**

of consumers say they expect to engage with someone immediately when contacting a company.¹

Effortless Follow-Up

Our marketing automation and team communication tools will help you stay top of mind with leads and customers, so you can earn more sales.

➔ **5-25X**

Investing in new customers is between 5 and 25 times more expensive than retaining new ones.²

Know What Works

Know exactly which marketing efforts generate leads and customers so you make smart decisions and continue to invest in what's working best.

➔ **46%**

are unsure whether their marketing strategies are working.²

Client Centre is your secret weapon to help you finally know which marketing is driving new customers. Plus, it helps you turn more leads into customers with automated reminders and emails, giving you the edge on your competition.

“

Client Centre has made it easier for my staff to identify how to prioritize calls for our practice. We're also able to collect that information, and then in a timely manner, give the patients the appropriate information they need.
